

The department of International Business Management is searching for:

A UAS Professor in International Economics

Activity Rate : 100%

Missions

- Teaching in the fields of economics, international trade, economic competition and/or international relations in our Bachelor and Master programs, as well as in continuing education programs
- Develop consulting mandates with industry partners
- Develop and conduct applied research projects. Obtain funding from third parties
- Research outreach in the form of mainstream publications, conferences and scientific articles
- Management and organization activities related to the field of education and research
- Direction of Bachelor and Master theses

Profile

- Bachelor's degree or equivalent and Master's degree related to the field of international economics. A PhD is an asset
- Proven track record of securing funding for applied research, conducting research projects and managing a research team
- Strong teaching experience at the Bachelor and Master levels necessary
- Proven track record of obtaining mandates and having consulting activities
- Professional experience of at least 3 to 5 years in international economics; a good knowledge of Swiss economic companies is required
- Ability to outreach research activities, with scientific or mainstream publications, and conferences
- Ability to operate in a complex changing environment
- Good communication and writing skills in French and English (the principle teaching language is English)
- Ability to work in a team

Deadline for application: May 15, 2014

Starting date: September 1, 2014 or to be agreed upon
