Learning Agreement

The purpose of the Learning Agreement is to provide a transparent and efficient preparation of the study period abroad and to ensure that the student will receive recognition in his/her degree for the courses successfully completed abroad. By signing this document, the student, the home institution and the host institution confirm that they approve the Learning Agreement and that they will comply with all the arrangements agreed by all parties. Home and host institutions undertake to apply all the principles of the Erasmus Charter for Higher Education and/or the SEMP Charter relating to mobility for studies (and potential principles agreed in the Inter-Institutional Agreement). The host institution confirms that the courses listed in Table A are in line with its course catalogue and should be available to the student. The home institution commits to recognise all the credits or equivalent units gained at the host institution for the successfully completed courses and to count them towards the student's degree. Any exceptions to this rule are documented in an annex of this Learning Agreement and agreed by all parties. The student and the host institution will communicate to the home institution any problems or changes regarding the study programme, responsible persons and/or study period.
