

The University of Applied Sciences Western Switzerland (HES-SO) Geneva is recruiting for its **Information Studies** department at the Haute école de gestion de Genève:

A UAS Associate Professor in Data Curation

Activity Rate: 100 %

Mission

- teach in the fields of data visualisation, data analysis and structuring, data life cycle management, in our Bachelor and Master programs, as well as in continuing education programs
- develop and/or reinforce expertise in the field of Open Science, including Open Access and Open Data
- supervise Bachelor and Master theses
- writing – mainly in English – and conduct applied research projects funded by swiss or international funding agencies (FNS, InnoSuisse, Horizon2020, Swissuniversities,...) related to the field of teaching
- conduct applied research projects and services delivery related to the field of teaching
- enhance research in the form of scientific articles, conferences and mainstream publications
- perform administrative and organizational activities related to the field of teaching and research

Profile

- graduate degree in Information Sciences or related field. A PhD in a related field is a very important asset
- teaching experience at the Bachelor and Master levels or in the continuing education programs are strongly recommended
- a minimum of 5 years of professional experience in the field of Data Curation with proven expertise in the use of Data Curation tools (FAIR), Visualisation or Analytics (e.g. ELK Stack)
- ability to operate in a complex changing environment and work with a team
- proven track record of securing funding for applied research, conducting research projects and managing a research team, as well as of obtaining and performing consulting mandates
- teamwork and shared ambition leader
- good communication and writing skills in French and English

Haute école de gestion de Genève
