Landscape Architect

London Office

VOGT Landscape Architects is leading landscape architectural practice with offices in Zurich, London, Berlin, and Paris. We are currently looking for creative and reliable landscape architects to join our London team. We are currently recruiting landscape architects at multiple levels, ranging from internships to experienced project managers. For full details on all positions and to apply, please visit <https://www.vogt-la.com/en/jobs>

Candidates should have a structured, proactive and sensitive approach to design and project development. A degree in Landscape Architecture is required, however we also welcome architects and designers with a strong sensibility for landscape architecture. Alongside conceptual and design skills, candidates will have a good knowledge of planting and technical skills, work in a structured, precise and reliable manner, take a keen interest in their work, and be confident working in a complex, fast paced, international environment. For this role we welcome applications from experienced and junior landscape architects, however a minimum of 1-year relevant experience is required. Salary is commensurate with experience.

Good knowledge of Autocad, InDesign and Photoshop are required. BIM experience would be beneficial.

To apply, please send your digital application (PDF format, max. 10 MB), including your CV, covering letter and portfolio, to application@vogt-la.com with 'Landscape Architect_London Office' in the subject line. Please do not send download links.

Candidates must be fluent in both spoken and written English. Knowledge of additional languages is beneficial.

Please note that we cannot consider applications that do not meet the above requirements (application format, clarification of work permit status and language skills). We are only able to respond to shortlisted candidates.

No agencies please.
